

## NHSTRA Sportsman Modified Tire Rule

- 1- Each speedway in NHSTRA will have “separate tire inventories. If you choose, you are allowed to register “used tires” only, in place of new, into different tracks inventory’s pending prior Speedway Officials approval. Used tires must have been purchased at a NHSTRA track and must have been registered in your inventory at the track they were purchased, tire purchase receipt with tire numbers and track tires were purchased must be presented and is 100% the car owners’ responsibility upon proof.
- 2- You are allowed eight (8) new inventory tires to start your season, this drops to six (6) new inventory tires after the track completes four (4) events (if your season starts late), then goes to four (4) new inventory tires after the track completes eight (8) events (again if your season starts late). These new inventory tires “MUST” be purchased at your first (1<sup>st</sup>) event, they “CANNOT” be banked.
- 3- You are allowed non-inventory, non-numbered practice tires, but cannot be used in qualifying, consolation, B-mains, or feature events.
- 4- After your first (1<sup>st</sup>) feature race, you are allowed two (2) new inventory tires per feature event. You are allowed to “Bank” only 2 tires at any time, after your first (1<sup>st</sup>) event. All new inventory tires “MUST” be used at event of purchase. Any special event or extra distance events, tire rule may differ, but will be announced prior.
- 5- The tires you qualify with “MUST” be used to start the feature event. Any tires changed during qualifying, consolation, B-main, or feature must be your inventory tires.
- 6- Tire inventory slips must be turned into Track Officials prior to the start of qualifying. NO EXCEPTIONS. This 100% the car owners responsibility.
- 7- All tires must pass post race durometer reading. Track conditions will determine base number.
